Complaint for Patent Infringement

Magnolia's headquarters are located in New York, New York. Among other things, Magnolia distributes movies throughout the United States by allowing consumers to purchase and view movies before the movies are released in theaters.

FACTUAL BACKGROUND

- 8. Red Pine owns United States Patent 8,521,601 (the "'601 patent").
- 9. The field of the invention of the '601 patent is movie distribution. Movies have historically been distributed by leveraging the period of time when the public may only view the movie in a theatre. Thus, the movie distributor risked substantial capital to promote the movie, maximize box office sales, and prolong the exclusive period during which the movie was only available for viewing in the theater.
- 10. This historic method of movie distribution posed a number of challenges and missed opportunities. For example, promoting a movie in order to drive box office sales is expensive and time-consuming. In addition, and obviously, not all movies have the same potential at the box office. The target audience of *Europa Report* is not the same as the target audience of *Avatar* or *Titanic*.
- 11. The '601 invention provides a solution. By segmenting the movie distribution market and determining which movies' potential at the box office does not warrant the same promotional effort, companies may distribute movies like *Europa Report* to hand-held devices before *Europa Report* is publicly available for viewing in theaters or on DVD.

CLAIM ALLEGED

Count 1: Direct Infringement Against VUDU

- 12. Red Pine repeats the allegations of paragraphs 1 through 11 of this Complaint as though fully alleged herein.
- 13. Red Pine is the exclusive owner of the '601 patent, which is attached as

- 15. VUDU directly infringes claims of the '601 patent. VUDU makes, uses, sells, and offers for sale products, methods, and services that practice claims 1 and 4 of the '601 patent.
- 16. For example, and without limiting the '601 patent claims that will be asserted in this action or the VUDU services accused of infringing the '601 patent claims, the distribution of *Europa Report* infringes claim 1 of the '601 patent.
- 17. Claim 1 is a method of displaying "an advertisement to purchase a feature length film (FLM) before the FLM is publicly available to view in movie theaters and before the FLM is publicly available to buy on digital video disks (DVDs) " VUDU advertised Europa Report for purchase before the movie was publicly available to view in movie theaters and before the movie was publicly available to buy on DVD.
- 18. The method of claim 1 involves displaying a movie trailer for the FLM. VUDU displayed a movie trailer for Europa Report.
- 19. When practicing claim 1, you sell the FLM for purchase with "handheld portable electronic devices (HPEDs) before the FLM is publicly available to view in the movie theaters and before the FLM is publicly available to buy on the DVDs." VUDU sold Europa Report for purchase before Europa Report was in the theaters and before Europa Report was publicly available on DVD.
- 20. The claim 1 method involves wirelessly transmitting and downloading of the FLM. VUDU did this with respect to sales and rentals of Europa Report. These sales and rentals were also "downloaded to the HPEDs such that the FLM plays on the HPEDs at times decided by the individuals viewing the FLM with the times being before the FLM is publicly 4 Complaint for Patent Infringement

| 2 | the DVDs " | | | |
| 3 | 21. VUDU practiced the remaining steps of claim 1 because <i>Europa Report</i> was | | | |
| 5 | distributed to movie theaters and is greater than sixty minutes long. | | | |
| 6 | Count 2: Infringement by Inducement Against Magnolia | | | |
| 7 | 22. Magnolia has knowledge of '601 patent and nonetheless actively induces | | | |
| 8 | VUDU to directly infringe the '601 patent. | | | |
| 9 | 23. Magnolia's knowledge of the '601 patent is based on, among other things, Red | | | |
| 10 | Pine notifying Magnolia of the '601 patent no later than February 11, 2014 and specifically | | | |
| 11 12 | describing how Magnolia's distribution infringed the '601 patent. Notwithstanding this | | | |
| 13 | knowledge, Magnolia specifically intends that VUDU infringe the '601 patent and Magnolia | | | |
| 14 | knows that VUDU's acts constitute infringement. | | | |
| 15 | 24. Magnolia has a contractual relationship with VUDU. According to this | | | |
| 16 | relationship, VUDU is directly infringing claims of the '601 patent. Magnolia induces each of | | | |
| 17 | these infringements. | | | |
| 18 19 | <u>JURY DEMAND</u> | | | |
| 20 | Pursuant to Federal Rule of Civil Procedure 38(b), Plaintiff demands a trial by jury of | | | |
| 21 | all claims in this Complaint so triable. | | | |
